Re: Service complaint — treatment rooms, week of 8 September (account WMC-1180)

Dear Northwind,

On three evenings this week (8, 9 and 11 September) treatment rooms 2 and 4 were not cleaned to the clinical standard in our contract: clinical waste bins were not emptied and the couches were not wiped down. Our nurses had to do this themselves before morning clinics.

We are requesting a credit of £90.00 against this month's invoice for the three missed room cleans, and written confirmation of the corrective action taken with the evening team.

Yours sincerely,

Aisha Rahman
